European Journal of Operational Research 49 (1990) 360–361
North-Holland

Contents Volume 49

Special Issue on Project Management and Scheduling

1 Editorial
L. Valadares Tavares and J. Węglarz

3 Some efficient multi-heuristic procedures for resource-constrained project scheduling
F.F. Boctor

14 Project bidding under deterministic and probabilistic activity durations
S.E. Elmaghraby

35 The scheduling of activities to maximize the net present value of projects
S.E. Elmaghraby and W.S. Herroelen

50 Special features of precedence network charts
G. Harhalakis

60 Managing the political context in PMS organizations
R.E. Jones

68 Computational experience with a backtracking algorithm for solving a general class of precedence and resource-constrained scheduling problems
J.H. Patterson, F.B. Talbot, R. Slowinski and J. Węglarz

80 A heuristic for multi-project scheduling with limited resources in the housing industry
S. Tsubakitani and R.F. Deckro

92 A multi-stage non-deterministic model for project scheduling under resources constraints
L. Valadares Tavares

102 An evaluation of microcomputer-based software packages for project management
J. De Wit and W. Herroelen

140 Project compression: A method for speeding up resource constrained projects which preserve the activity schedule
C. Yau and E. Ritchie

153 OR Software
ORSEP – Operations Research Software Exchange Program, *H.W. Hamacher (ed.)*

Special Issue on Operational Research in Developing Countries

155 Editorial
C.T. Bornstein, J. Rosenhead and R.V.V. Vidal

156 The role of Operational Research in less developed countries: A critical approach
C.T. Bornstein and J. Rosenhead

179 The paradox of OR in India
N.R. Patel

188 Applications of OR in developing economies: Some Indian experiences
R. Bandyopadhyay and S. Datta

200 Developing applied OR teaching in Asia
M. Luck, N. Patel and G. Walsham

211 Operations research as a tool for analysis of food security problems
C. Schweigman, E.J. Bakker and T.A.B. Snijders

222 Warehouse location in a developing country: Problems in formulating the problem
C.T. Bornstein and P.R. de Castro Villela

230 Project evaluation for energy supply in rural areas of developing countries
J.M. Christensen and R.V.V. Vidal

247 Water resources optimization–simulation in Argentina
M.H. Gradowczyk, P.M. Jacovkis, A.M. Freisztav, J.-M. Roussel and E.G. Tabak

254 Power outage planning
M. Modarres

266 The control of helicopter operations in the Brazilian oil industry: Issues in the design and implementation of a computerized system
R.D. Galvão and J. Guimarães

271 The potential for computer-aided diagnosis of tropical diseases in developing countries: An expert system case study
G.I. Doukidis and D. Forster

0377-2217/90/$03.50 © 1990, Elsevier Science Publishers B.V. (North-Holland)

279 In quest of useful health care decision models for developing countries
B.R. Parker
289 OR in Greece: Myth and reality
D.B. Papoulias and J. Darzentas

295 Multiobjective analysis of facility location decisions (*Invited Review*)
J. Current, H. Min and D. Schilling
308 Validating and applying a model for locating emergency medical-vehicles in Tucson, AZ
J. Goldberg, R. Dietrich, J.M. Chen, M.G. Mitwasi, T. Valenzuela and E. Criss
325 Measurement of adaptivity and flexibility in production systems
P.H. Brill and M. Mandelbaum
333 Allocating resources between health care regions: Catchment populations and allocating for equity
R.M. Wilson and R.W. Gibberd
348 Use of exact penalty functions to determine efficient decisions
H. Bernau
356 EURO Bulletin, *M. Despontin (ed.)*
